Gausel

A topographic map of a coastal region, possibly a bay or fjord area, with various colored overlays and lines. The map shows terrain contours, a road network, and several distinct areas highlighted with different colors and patterns: yellow with a dotted pattern, red with diagonal stripes, and solid green. A prominent black and white dashed line runs along the coast, and a red line winds through the interior. A dotted line also follows a path through the landscape. The text "Plan first" is overlaid in large black font on the right side of the map.

Infrastructure

An aerial photograph of a complex highway interchange and bridge structure spanning a wide river. The road features multiple lanes, overpasses, and a large loop interchange. The surrounding landscape is rugged and rocky, with some vegetation. The word "Infrastructure" is overlaid in large white text across the center of the image.

Public services

A close-up photograph of several spheres, likely ping-pong balls, each painted with a different national flag. The flags are vibrant and clearly visible. In the upper right, a sphere features the Union Jack (United Kingdom). Below it, a yellow sphere displays the Spanish flag. To the left, a green sphere shows the Brazilian flag. In the lower right, a blue sphere is decorated with the twelve yellow stars of the European Union flag. Other flags, such as the Canadian maple leaf and a black and white design, are partially visible in the background. The word "Internationalization" is overlaid in white text across the center of the image.

Viktig infrastruktur i regionen

Stavanger lufthavn, Sola

Stavanger lufthavn Sola er Norges eldste og den tredje største flyplassen i landet (per 2011), og er en stamlufthavn med internasjonal trafikk. Sola flystasjon med 330 skvadron (Sea King redningskvadron) holder også til her.
